Hotels Rented.
U. D. Simpson has rented the Mason Hotel and Hamilton House for next year, and will run both houses. He and his excellent wife have made a good reputation among the traveling public, by their excellent fare and courteous treatment.

Paper of all kinds is advancing so rapidly in price that it will soon be as high as Jack's bean stalk. The Record office has not and will not advance its prices, but serve its patrons at the same low figures. Give us an order for letter heads, envelopes, statements, and if you are not satisfied in both workmanship and price it will cost you nothing.

News.
Robert C. Nevius died Monday morning at his home on the Danville and Shakertown pike, of typhoid fever. He leaves a widow and four children. He was a member of the Christian church and belonged to the K. of P. and Macabees orders and was insured for the sum of eight thousand dollars. He was a man of excellent qualities and leaves a host of mourning friends. Funeral services were held at the Danville Christian church, Tuesday, at two o'clock, and the remains were interred at Bellevue cemetery, Danville.—Burgin Messenger.

He was a brother of Mr. Cal Nevius, of this city.

Two Naughts.
When the label on your copy of THE RECORD reads "00" it means that the paper has been paid for until the year 1900. We only have room for two figures in our mailing galleys, and use the naughts so that it will only be necessary to change one of them the year following, or rather for the next ten years. We will say in this connection that very few remain marked other than "00", as we now boast of as good, if not a better paying list of subscribers than any weekly paper in the state. When we took THE RECORD we found some of as slow coaches as ever beat a newspaper, but the pruning knife has been freely applied and the dead heads dropped. It is seldom an appeal has been made through our columns during the past two years.

Additional Reward.
Mr. Bastin, superintendent of the telephone lines tells THE RECORD that citizens living along the Bryansville line have made up an additional reward of one hundred dollars to give for information leading to the conviction of the parties breaking the wire and insulators on that line. This makes a reward of two hundred dollars cash in hand, and ought to tend toward finding the guilty parties. The punishment for such offenses is not less than ten years in the state penitentiary. The damage to the Bryansville line caused much trouble and annoyance to both company and subscribers.

Strictly fresh eggs 16 cts at H. B. Northcott's.

Oysters, Fruits, Nuts, Grapes and Celery at T. Currey's.

Meat Hogs For Sale.
A few choice ones, weight from 250 to 300. Victor Lear. 2t

Lard cans, sausage mills, lard presses and butcher knives. Prices the lowest. J. R. HASELDEN.

E. E. Mitchell, junior member of the large clothing firm of Covington & Mitchell, of Richmond, died Saturday night of pneumonia.

Gov. Taylor has endorsement from the greatest men in America. He has never appeared before an audience that he has failed to captivate.

Not Settled Yet.
As we go to press, nothing has been done at Frankfort to indicate what the outcome will be. All counties where no contest has been filed, have been counted, and they are now being taken up, several lawyers arguing each case. A decision as to who will be given the certificate will probably be reached this week.

Engineer Henry Lammers only got to run his new engine a few times when it was sent south and an old one of larger capacity given him. Capt. Phil Price says Lammers is now in sackcloth and ashes over his loss.

Free.
The latest county maps of Kentucky and Tennessee will be furnished free to the schools of Garrard Co., on application of teacher or School Trustees to R. E. McRoberts. 10-2-6t

Twenty-One Years.
The jury in the case of Gillis Prather for killing Burton at Paint Lick, returned a verdict of twenty-one years. We understand that a number were for the death penalty on first ballot. Prather prayed an appeal of the case.

Beautiful Building Lot.
Mr. R. G. Ward has bought a lot between the Stormes property and Jno. K. West, on Richmond street. He got 51 feet from Mr. Stormes and 10 from Mr. West, price about \$10 per front foot. Mr. Ward will erect a handsome dwelling thereon early next spring.

Chance of Your Life.
The offer made by Fuller & Symphon to sell their stock of Queensware at cost, has been accepted by many delighted patrons. The sale closes Dec. 15th. They have tea sets, toilet sets, lamps, glassware and dinner sets in great variety, all up-to-date and handsome.

Knights of Pythias.
The Knights of Pythias lodge in this city is composed of the best young men in this county, and the membership is very large. They have a lot of money to their credit, always pay sick benefits promptly, and display a warm fraternal feeling. But it looks like the members will not attend the meetings in the numbers that they should. This is a great mistake, as any man can spare one night from courting, staying in the store or lounging about the house. Think over the matter, brethren, and come to the lodge tomorrow, Friday, night.

Suicide at Manse.
It was a great shock to the citizens of the Manse neighborhood when the news rapidly spread Saturday night that William Tudor had committed suicide by hanging. He had been at work about the barn all the afternoon and his wife saw him on the wagon several times, supposing he was unloading the corn therein. As he failed to come to the house about dark, she went to the barn, and was horrified to find his body suspended from a rafter with a plow line. No one can imagine the cause of the rash act, as Mr. Tudor had been in no trouble of any kind and was well supplied with all the necessities of life. He was a man who stood high in the estimation of everybody in this county, and no one was further from doing a wrong act than he. "Billy" Tudor was a friend to all who knew him, and no one ever went to him for a favor that he did not grant it cheerfully. He was of a pleasant disposition, and never had trouble with anyone. The cause of his act will always remain a deep mystery. His remains were interred at Old Paint Lick church Monday, and one of the largest crowds seen at a funeral in many days was present. He leaves a wife and six children, two grown.

The Masonic lodge meets next Tuesday night.

Eld. Jo Severance will preach at the Hubble Christian church next Sunday.

Henry Duncan, the barber, will move into one of the rooms at the opera house entrance as soon as it is completed. He will fit it up with the latest style furniture and fixtures.

THE RECORD only has three more issues in this year, but during that time we will have three weddings to write up. Now "rubber" as to who the parties are.

For Rent.
A well improved farm of 69 acres on White Lick, in Garrard county. Good house, etc. Splendid grass. Call on undersigned for particulars. W. McC. JOHNSTON.

Spillman Riggs, the Prince of entertainers, will deliver his funny lecture "The Funny Side of Life" in the Garrard Opera House, Dec. 21st. He will be accompanied by Megibben Kimbrough who played to the delight of all during his recent engagement here.

It Will Go Higher.
We are getting rich too fast, and are going to quit the coal business. We have ten cars of Kenesee Jellico coal we want to close out at once. Also two cars of Altamont and Pittsburg at 10c per bushel. Buy now; it will go higher when we quit. W. B. Moss & Co.

Hacks Arrive.
The two "Glass Fronts," spoken of in last issue, have arrived and many compliments have been passed upon them. One has steel tires and the other the latest improved rubber tires. They are the handsomest vehicles in central Kentucky, and the enterprise displayed by Messrs. Hemphill and Beazley is commendable, indeed. There is an idea among some people that to hire a vehicle like these will take all the money in town, but it is a mistake. The charges are very reasonable.

Many Improvements.
The Lancaster telephone exchange has been supplied with two new switch boards, one with 100 drops and the other with 55. The system has grown so rapidly, and so fast that a great many improvements had to be made in the office. It is now supplied with all the very latest equipments and is one of the best in the state. The front room on the ground floor has been remodeled, papered, painted and will be carpeted. There will be several sound-proof booths placed there so that persons can send messages without anyone bothering them or hearing their business. The switch board, and operating room will be just back of this room. The entire arrangements will be complete by Saturday, and Mr. Bastin invites the public to call and take a look at them. Lancaster and Garrard county is provided with as good a telephone system as any in the state.

Married in Danville.
It was quite a surprise to many of their friends when they heard of the marriage of Mr. Richard McGrath, Jr. and Miss Mary Route, which took place in Danville yesterday. The parties reside in the Bryansville and Marksburg neighborhood, and are connected with the most prominent families in the county. The bride is the daughter of Mr. M. F. Route and the groom a son of Squire B. A. McGrath, two of the most widely known gentlemen in central Kentucky. She is a young lady of rare beauty, charming traits of character, and splendid education. She has been a leader of society and is beloved by all who have the pleasure of her acquaintance. The groom, like his father, is one of the cleverest fellows one ever meets, and has friends by the score. This young couple starts out in life under the most favorable circumstances, and that they will have a happy voyage, there is not the slightest reason to doubt. THE RECORD extends its heartiest congratulations to the happy couple.

Horrible Crime.
Richard Coleman, a negro, was taken from officers at Maysville Wednesday and burned at the stake. The negro had committed a rape upon Mrs. Lashbrook, a respectable white lady. He battered out her brains with a club and cut her throat. The mob wore no masks and dragged the negro through Maysville's principal streets. His eyes were burned out with vitriol and his body badly lacerated before lighting the fire.

Circuit Court.
Court adjourned from Wednesday until Tuesday. The time was taken up from Tuesday until yesterday afternoon by the trial of a case from Mercer county. A workman was hurt while assisting at the High Bridge lock and dam. He brought suit and the case was transferred here. After the case was ready for the jury, a compromise for \$50 was made between the parties. The suit of John Baughman against the L. & N. for burning a barn, is now on trial.

The Old Crow Sick.
We regret very much to note the illness of James Dillon, better and more familiarly known as "The Crow". He posted a big lot of bills for the shows here some weeks ago, and the exposure and overwork were too much for him. He is much better now, though still confined to the house.
